WATER-BASED COATINGS – STILL INNOVATIVE?

Berlin
10–11 March 2020
TUE 09:30 h – 17:00 h
WED 09:30 h – 16:00 h

This conference looks at the whole market, showing isocyanates that enable faster drying of wood coatings, additives for easier production and application, and also how machine manufacturers can help with the transition to water-based systems.

The conference offers a lot of space for networking as well as practical help and opportunities for discussion.

See you in Berlin

Nina Musche

Editor, European
Coatings Journal

WHY YOU SHOULD ATTEND:

- » Hear about the **latest innovations** for water-based coatings
- » Understand the **trends of the industry**
- » **Meet your suppliers** for exclusive 1:1 talks
- » Take part in **interactive workshops** on water-based coatings with the main focus: Rheology, wetting and dispersing additives and polymers

WHAT YOU CAN EXPECT DURING THIS CONFERENCE:

KEYNOTE PRESENTATION:

Water-based coatings, from art to science
Dr. Alexander M. van Herk, ICS, Singapore

TECHNICAL PRESENTATIONS:

The age of aqueous – taking water-borne epoxies all the way
Dr. Henning Voigt, Hexion, Germany

Water-borne corrosion protection – comparison of test methods
Dr. Rolf Nothhelfer, Fraunhofer IPA, Germany

New standard for wood coatings: 2K water-borne polyurethane systems without sacrificing drying time
Dr. Eva Tejada, Covestro, Spain

Required changes in process technology when switching from solvent to water-borne
Dr. Hans-Joachim Jacob, Ystral, Germany

Novel solutions by particle technology for high performance water-based coatings
Dr. Sascha Herrwerth, Evonik Resource Efficiency, Germany

Sustainable crosslinking of water-borne coatings
Alexander Schieke, Stahl, Germany

Designing optimal rheology of water-based, sprayable coating systems using nonionic synthetic associative thickeners
Dirk Kruijthoff, Ashland, The Netherlands

More topics online ...

WORKSHOPS*:

Towards biocide-free silicate paints: additive requirements and recent developments
Dr. Jörg Wollschläger, Münzing, Germany

Rheology – it's not rocket science!
Frank Abschlag, Elementis, Germany

Making the impossible possible: water-based coating – obstacles and how to overcome them
Rolf Simon, Synthopol, Germany

MEET THE EXPERTS*:

Our "Meet the expert" time gives you the opportunity to talk 1:1 with the experts about projects, problems and ideas. Discuss your personal topics in a more private atmosphere and receive individual support. You can book your slot on-site.

NETWORKING DINNER

Get in contact, share ideas and build networks with experts and colleagues during the networking dinner at the first conference day.

*The workshops and "meet the experts" will be concurrent. It is possible to attend two workshops and "meet the experts" – we will organise it for you and make details available during the conference.

REGISTER ONLINE:

GENERAL INFORMATION

REGISTRATION FEES:

- » Early Bird fee: 1.195 €
(until 28 January)
- » Standard fee: 1.395 €
- » Student: free of charge

Please refer to our website for full terms and conditions including our cancellation policy and deadlines.

VENUE:

Riu Plaza Hotel
Martin-Luther-Straße 1
10777 Berlin, Germany
www.riu.com

ACCOMMODATION:

We have arranged a room block for delegates at the Riu Plaza Hotel for a special single room rate of 119 € incl. breakfast and VAT. You will be sent an accommodation request form together with your confirmation of registration which you can use to make a reservation. Accommodation reference to "EC technology forum" until 10 February 2020. Please note that reservations received by the hotel after this date will be subject to availability.

CONTACT:

Vincentz Network

Lena Witte
T: +49 511 9910-281
lena.witte@vincentz.net

THE FEE INCLUDE:

- » Online proceedings
- » List of delegates
- » Networking evening
- » Lunch & coffee breaks
